Customer Experience: In-Person Delivery Order

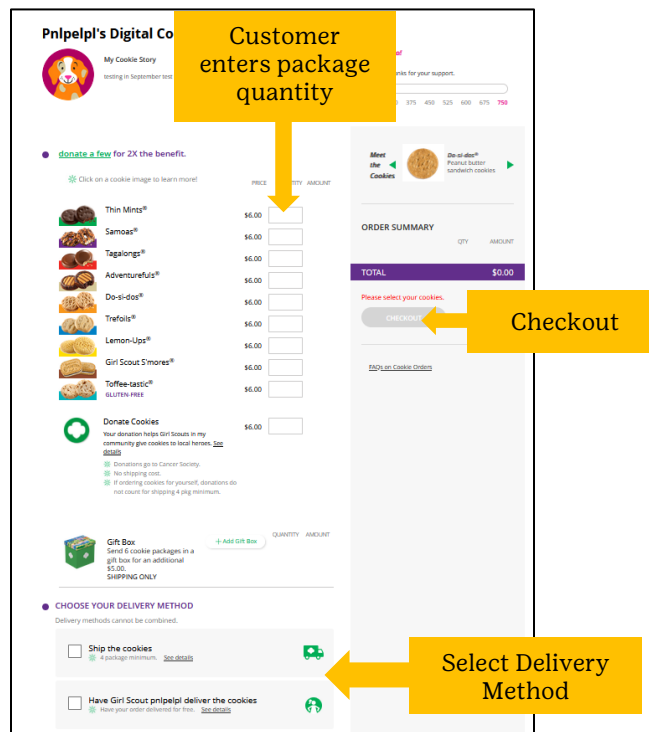

Step 1: Customer Receives Email

Customers either find a link to a Girl Scout's site or receive a Girl Scout's email announcing that they can purchase cookies from the Girl Scout's site. In the email, the customer clicks the "Order Cookies" link and is taken to the Girl Scout's Digital Cookie site.

Step 2: Customer Selects Cookies

As customers order packages, the total amount updates. After selecting the cookies, customers will select the delivery method and can choose to have the order delivered in person by selecting the option "Have Girl Scout Deliver the Cookies." Once customers are satisfied with their order, they click the "Checkout" button.

PLACE ORDER

By clicking the PLACE ORDER button, I agree to be bound by the Terms of Use and Privacy Notice.

I have read, understand, and accept that all sales are final and cannot be changed or cancelled once placed. Please verify all billing, delivery address information, and items selected for purchase are correct before submitting your order.

The Girl Scout Cookie Program uses multiple cookie suppliers, varying by region. Cookie names may vary across suppliers (e.g., Tagalongs or Peanut Butter Patties). By proceeding with your order, you recognize and give Girl Scouts permission to substitute your submitted order's cookie selections with comparable selections that do not materially differ, if necessary. Consumers should review nutritional information [here](#).

The next screens (Order Preferences, Connect with Girl Scouts, and Payment Details) ask customers to:

- Choose a second option if Girl Scout delivery is not approved.
- Indicate if they want membership or volunteer information (optional).
- Share if they were Girl Scouts (optional).
- Complete credit card information.

Once customers have completed the information and clicked continue at each step, they will click the “Place Order” button.

Step 4: Order Confirmation Screen

Customers then see an order confirmation screen that includes the option of placing a new order in case they want to send some to a friend!

The screenshot shows the 'Thanks for your order!' screen. It includes a confirmation message, a list of items ordered (Thin Mints® 5 packages for \$22.50), and a total payment of \$22.50. On the right, there are three callout boxes:

- Customers can send a Cheer to a Girl Scout:** Points to the 'Send a Cheer' button.
- Customers can download a Digital Cookie Patch!** Points to the 'Download and Share' button.
- Customers can place a new order:** Points to the 'Place a new order' button under 'MORE FROM GIRLSOUTS'.

Step 5: Customers will receive a series of emails about their order.

The first is an order confirmation letting them know that their order is pending approval from the parent. If the order is a donation or contains a donation, the emails will reflect that as well.

Then an email is sent indicating the order has been approved. If the order has been declined, an email is sent notifying customers and giving them the option to place a new order to have cookies shipped or donated.

An email thanking their customers for their support and asking them to complete a quick survey can be sent by the Girl Scout through Digital Cookie. Remind your Girl Scouts they can also send a personal note to the customer. Customers are more likely to purchase cookies again after receiving the personalized letter.

After the order is delivered, don't forget to log back into Digital Cookie to mark the order as delivered. This will send an email to let your customer know the order was delivered. Additionally, it will remove it from your inventory.

The email confirmation from Girl Scouts includes the following content:
