Please select which, if any, of the following four national program pillars your project most closely addresses. (You may select more than one.) If necessary, check “Other” and elaborate.

- STEM:** Discover all about engineering, computer science, and outdoor STEM through programming that will ignite your interest and increase your confidence and competency in STEM.
- Outdoor:** Our progressive programs let you experience the outdoors as you build your skills and participate in adventure opportunities that, eventually, will help you become a thoughtful and caring environmental steward.
- Life Skills:** Civic engagement, healthy living, communication, financial literacy, cultural arts, global citizenship... You’ll gain skills in these important areas and more, enhancing what you’ve learned in school and preparing you to succeed in the world.
- Entrepreneurship:** Starting with the iconic Girl Scout Cookie Program, you can change the world by learning business skills and exploring a variety of entrepreneurial opportunities, including social entrepreneurship.
- Other:**

- A. Summarize your project in 200 words or less. What did you do and why?
  
  
  
  
  
  
  
  
  
  
- B. Further describe the issue your project addressed, the impact your project had, and who benefitted.
  
  
  
  
  
  
  
  
  
  
- C. What is the root cause of the issue your project addressed?
  
  
  
  
  
  
  
  
  
  
- D. How will your project be sustained beyond your involvement?

E. Explain the national and/or global link to your project (e.g., a project that seeks to improve local water use practices addresses an issue with global implications, because water use poses a serious challenge to sustainable development worldwide).

F. Describe any obstacles you encountered and what you did to overcome them.

G. Describe how you shared your project to inspire others (e.g., website, blog, presentations, posters, videos, articles).

H. Describe what you learned from this project, including the leadership skills you developed. What did you learn about yourself as a result of your project?

I. What was the most successful aspect of your project?

J. What about your project would you change or do differently if you could start over?
